# Washing Instructions

---

Turn the garment inside out before washing. This protects the printed outer side from friction in the drum and helps maintain the quality of your new shirt for longer.

Wash at a maximum temperature of 30°C (86°F). Do not use fabric softener. Do not tumble dry. Iron only inside out.

---

This clothing item is made from 100% organic materials and is very light and comfortable to wear.

Please note that because of the light and regenerated cotton fabric, there may sometimes be small imperfections. These irregularities are a sign of the natural quality and gentle processing of the materials.

We hope you enjoy your new clothing item and thank you for your understanding and support of sustainable fashion.
